Boston Dec 26. 1859

Dear Sir

On the 14th of this month I addressed a letter to J. Miller McKim of Phila, requesting that prompt measures might be taken to procure the bodies of Copeland and Green and have them properly entombed in Pennsylvania, and also requesting him to draw on me for the necessary funds.

I enclose his reply, which please place on file in the Anti-Slavery Office for reference should we at any time be charged on the subject in this matter

Yours Respectfully
Geo L Stearns
